

Selected Value: Unity

We are Meerkats!

We are meerkats packed together
together forever in every endeavor
Our brown fur distinguishes us from others
If you look at us, your heart flutters
Weaved together like threads in a sweater
We stay together in the hottest weather

We are Meerkats with black beady eyes
If you're near, you can hear our happy cries!
We always, always find our pack
Oneness is something we never lack
40 of us are called a mob
We comfort each other when we sob

We are Meerkats, our bodies tree stumps, short and stout
Look at one of us, he's a little scout!

All of us take turns being a ranger
We alert each other when there's danger
We return to our burrows
We can't wait to see each other tomorrow!
