

Selected Value: Perseverance & Benevolence

Kindness Illustrated Through Penguin Interact

In the frozen domains, where shadows play.
They plunge and sway behind the waves.
They cut the water with mighty flippers,
and glide together in search of dreams.
Their hearts are warm,
and they sail with ease through frozen storms
and glacial freeze.
They find their place in the frigid embrace
with each lovely leap.
Their eyes are so beaming with perseverance that
they soar with strength at every obstacle they face.
Together, they pave their way,
incorporating compassion into their life.
They perform their song in light-hearted arcs,
a wealthy symphony of love,
as the spirit of benevolence resides in the depths where trust
is real.
