## **Like the Otters**

**Like the otters, embracing one another.  
Embrace the warmth of family, respect each other.**

**Like the otters, guarding their dear ones.  
Stand FIRM in love, no matter what crisis comes.**

**Like the otters, finding peace in the day,  
Cherish the shared moments, let worries drift away.**

**Like the otters, restful. still.  
Honour Your Roots, And Let Gratitude Fill.**
